Jerking off or during the day getting his cock sucked by not just
the females but also some of the males.

when they return from the beach Marian and John fuck under
the outside shower before dinner then a night on the pull for
cock both of them looking for only cock to service and Marian
being the only one to succeed at that has it seemed tonight all
the males were only straight John having to settle for some
females to suck his cock.

Once back at the Villa having stopped to fuck on the sand they

dive in to the pool strip each others clothes off on the bottom of the pool where John is soon having his cock sucked by Marian before they fucked also on the bottom of the pool floating freely in different positions before finishing off with John cumin. After fucking they climb out shower and decide tonight they will again sleep out but not on the beach but on the lounge spooning.

The next day John had to go in to the resort has there had been a problem with one of the guests who had booked in then complained about the public displays of open sex which he called live pornography and the homosexual activity between

both the men and the woman that goes against his religion and when asked to leave after the duty manager had pointed out that on their resorts web site it clearly says that this resort is for adults only and there is open displays of sex and adults masturbating plus some area's are for homosexual males and females and has he had refused to leave the local police had been called to remove him.

John after reading the report had to conduct staff interviews he was just glad to get back to the villa his cock swelling at the thought of banging his wife's brain out.

It had been so tedious he had not even had a chance to bang his pa a blond German milf female who like Marian always wears short cock teasing mini skirts that look more like oversized belts with no panties and very thin blouses the material so thin that it shows she also has no bra on.

John on entering the Villa strips off puts on black fishnet stockings, and , calls out 'Love you better be fucking gagging for it has your husband is horny has fuck and he will not take no for a answer!'

Marian replies 'Love I am out by the pool so get your fucking kit

off and fucking join me I am gagging for some cock has being home alone with only dildo's for company is OK but their no replacement for men's meaty cock, so get the fuck out here and fuck me. The waters warm and my hairy pussy is moist!!

John heads out to the pool wearing only a pair of his wife's black fishnet stockings, and suspenders his cock fully erect grabbing one of his wife's strap on cocks placing the strap on dildo on one of the plastic patio chairs.

John on finding his wife floating on a air bed in the middle of the pool wearing black suspenders, black stockings and goggles,

her fake tits and mature muff on full view. John then in the black fishnets and suspenders dives in to the pool swims up to Marian tosses the bed over throwing her in to the pool and when Marian surfaces they share a kiss with tongues while she wanks him to full hardness under water.

'MMM some one is a horny fucker!' Marian remarked.

'Yes I am so get the fuck under fucking water and fucking suck your fucking limp wristed husbands fucking cock!' John replied has he forced his wife underwater.

Marian soon started sucking her husbands big fat cock

underwater, Marian even gently bites the tip of her husbands bell end. Has Marian gave her husband head underwater he grabbed the back of her head. After a short time Marian then surfaced took a gulp of air to fill her lunges and remove her swimming goggles before going back underwater hanging her goggles on her husbands cock has she sucked him off. Every so often Marian would still surface her lungs bursting for air. On one occasion when she surfaces she finds the resorts nurse and his son's god mother Sue standing there in a knee length dress stockings and suspenders holding her shoes. 'Is this a

private underwater cock sucking party oh can any one join in!"

Sue asks has she places her shoes with the strap on dildo.

'Sue your always welcome in my pool to suck my fucking cock!'

John replied Marian grins and adds 'Or eat my hairy pussy!'

Sue walks around to the poolside the same where they caught

Gareth and his aunt in a 69 last summer, Sue mounts the ladder

and still fully clothed slides in to the pool and swims over to

Marian and John.

Sue then kisses Marian and ducks under water, Sue then starts

sucking John's dick while Marian who had also submerged now

ate Sue's pussy. The two slags then surface and take it in turn to suck John cock underwater. With the two ladies giving him head he soon shoots his loaded balls in to the pool.

Once he had finished off loading his creamy cock custard and Sue surfaced and kissed each other in front of John and then submerged to eat each other out and collect her goggles that had slipped off her husbands cock after he had become soft.

Marian and Sue then surfaced, Marian then climbed out of the pool via the steps water running off her furry triangle, soon she was followed by John in his fishnets and suspenders then lastly

Sue who once out of the pool removed her dress so like the others stood there in soaking stockings and suspenders.

All three then head for the Villa's hot tub where they all step in still wearing stockings and suspenders.

After a short while John went to fetch some wine and glasses and on returning finds Sue having slid off the seat was softly moaning has a now submerged Marian eats her shaved pussy.

John now fully erect again puts the bottle and glasses down slips back in to the pool and slips his cock in to his wife's ass and has she eats Sue out underwater John fucks his wife has

well until he climaxes with a grunt.

After fucking they settle down to drink wine and talk about the old days back in the UK where they would have wild threesomes in the old hot tub back at Sue's house or go skinny dipping in the bottom pond and once Gareth had turned 18 he would join them and both his step mum Marian and Sue would then fuck him or he would watch has they put on a lesbian show for him.

Sue eventually heads back top the resort about 1 AM after a few more threesomes in the hot tub, pool and even down on

the beach then both Marian and John spend the night sleeping outside under the stars on to of the beach loungers before heading back to the villa at sunrise where they fuck on the poolside chairs before showering and dressing.
